## Projects Undertaken:

- ✓ **Project 1: The Sales Tracker and Forecasts App**
  - **Team Size:** 2
  - **Platform:** Microsoft.
  - **Technology Used:** SQL Server, SSIS, T-SQL, Logi Studio (for Reporting).
  - **Project description:** The project is to track the sales for the customers from each employee of the organization and then also allowing a user to fill the predicted future sales and then analyzing the data to make business decisions.
  - **Achievements:** Successfully able to design the application which allows a user to see the sales history as well as entering the forecasted sales by adding the existing customers and then allowing to download the sales detail for further analysis.
  
- ✓ **Project 2: The Market Price App**
  - **Team Size:** 2
  - **Platform:** Microsoft.
  - **Technology Used:** SQL Server, SSIS, T-SQL, C#, Logi Studio (for Reporting).
  - **Project description:** The project is to track the market price of each commodity available on the USDA's website.
  - **Achievements:** Successfully able to fetch data from the USDA's website on the daily basis. Integrate it into the SQL server database and then feed that data into the reporting engine to display the customized and user attractive dashboards and reports that are downloadable.
  
- ✓ **Project 3: Dynamic Profile Reports**
  - **Team Size:** 1
  - **Platform:** Microsoft.
  - **Technology Used:** SQL Server, SSIS, T-SQL, Logi Studio (for Reporting).
  - **Project description:** The project is to display the statistic and combined aggregation values for the given set of data. In a Profile Report and sending the generated PDF to the users email address automatically.
  - **Achievements:** Successfully able to design an interface where a user can feed the input file with specified data set and then he/she will be able to generate the report just in one click and can get it in his/her inbox.
  
- ✓ And many other **data integration projects** for various **complex data sources** i.e. REST apis, FTPs, Excels, Json, MDB (MS Access files) etc.
